

## CCES REGISTERED TESTING POOL (as of December 10, 2008)

The CCES's Registered Testing Pool (RTP) is made-up of top-ranked athletes based on internationally accepted criteria, with consideration given to risk levels and other subjective factors.

### WHEREABOUTS FILINGS

Athletes included in the RTP are required, amongst other things, to make quarterly whereabouts filings. An athlete's whereabouts filing shall include, at a minimum, where the athlete will be living, training (including times), competitions, and other activities (work, school) as applicable. For each of the above, a complete address (including apartment number and buzzer number if applicable), and times are required.

The Registered testing pool has been divided into two categories:

#### General RTP

An athlete in the CCES' general RTP is required to make a quarterly whereabouts filing that provides accurate and complete information about the Athlete's whereabouts during the forthcoming quarter are required to submit their whereabouts information so that he/she can be located for testing during that quarter.

#### National RTP

On top of meeting the requirements outlined above for general RTP athletes, an athlete in the CCES' national RTP is also required to specify in their whereabouts filing, for each day of the quarter, a sixty (60)-minute time slot where he/she will be available at a specified location for testing.

All athletes listed below must submit the required whereabouts information, as identified above based on whether they are in the national or general RTP. Whereabouts filings are to be submitted quarterly, on the following dates:

Date Due	Quarter
December 15 <sup>th</sup>	January – March
March 15 <sup>th</sup>	April – June
June 15 <sup>th</sup>	July – September
September 15 <sup>th</sup>	October – December

Whereabouts filings can be made through the following methods:

1. ADAMS – An online system that makes it easy to submit and update whereabouts information anytime and anywhere.
2. CCES whereabouts forms – these forms can be submitted by e-mail, fax, or regular mail. Please [click here](#) to access these forms.
3. Athletes may also submit their International Federations (IF) forms to the CCES. (Note: an athlete using IF forms must submit their information to both the IF and the CCES)

## THERAPUETIC USE EXEMPTIONS

Canadian athletes are encouraged to familiarize themselves with new TUE requirements that will come into effect January 1, 2009. There will be significant changes to the TUE process for athletes using medication to treat and control asthma, specifically inhaled beta-2 agonists and glucocorticosteroids. Athletes are strongly advised to verify what is required of them.

Athletes competing internationally should contact the appropriate international federation (IF) regarding their TUE requirements. CCES TUEs are only recognized under the Canadian Anti-Doping Program. For a directory of IF TUE web pages, see [www.cces.ca/pdfs/CCES-PUB-InternationalTUEDirectory-EF.pdf](http://www.cces.ca/pdfs/CCES-PUB-InternationalTUEDirectory-EF.pdf).

## REGISTERED TESTING POOL

All athletes listed below have been included in the CCES' Registered Testing Pool and therefore must make quarterly whereabouts filings as outlined above.

Athletes not included on the list below are not required to make an individual whereabouts submission at this time. Please note that, at the discretion of the CCES, athletes can be added or removed from the RTP, or moved between pools within the RTP, at any time. Should an athlete's status within the RTP change they will be notified prior to the start of the next whereabouts submission deadline.
